Lucas Serafim Magalhães

Salesforce Developer

São Paulo, Brazil (open to remote) | lucasserafim.salesforce@gmail.com | linkedin.com/in/serafim-lucas-salesforce | trailblazer.me/id/lucasserafim

SUMMARY

Salesforce Developer with 4+ years building Sales Cloud and Service Cloud solutions in Apex, Lightning Web Components, and Flow, leading the Salesforce developer team at Grupo Elfa. Owns the CRM side of integrations: LWC UIs, Apex services, and REST/SOAP connections to data other teams produce. Cut quotation turnaround for sales reps from 40 minutes to 3 minutes on a platform later featured as an AWS success story.

EXPERIENCE

Salesforce Software Engineer **04/2024 to Present**

Grupo Elfa

- Led the Salesforce developer team as technical lead and reference developer, and built the Salesforce side of a quotation platform for sales reps: LWC front end and in-org REST/SOAP integrations over data from an AWS-based team, shipped through Git, Salesforce DX and CI/CD.
- Cut average quotation response time from 40 to 3 minutes (a 92% reduction) and supported R$365M in quotation volume in the first 15 months.
- Delivered a platform published as an official AWS success story and featured in IstoÉ Dinheiro. Built additional Apex services and Lightning Web Components used in daily operations.

Salesforce Developer **06/2023 to 04/2024**

NTT DATA Europe & Latam

- Developed and refactored Apex classes, triggers and Lightning Web Components for C6 Bank in a team of about 10 developers.
- Implemented REST and SOAP integrations between Salesforce and external systems.
- Contributed to solution-design discussions on Salesforce architecture and integration approach.

Developer IV, Salesforce **12/2021 to 06/2023**

Nescara

- Built features for an Opportunities portal on Salesforce in a team of 3 developers, delivered on the agreed timeline.
- Improved sales workflows with CRM automation and custom configuration.
- Promoted from Developer I to Developer IV within 18 months.
